SOARING SPOTLIGHT

Meet MEREDITH LAWS

Meredith Laws, Whitaker's School Health Nurse Extender (or school nurse), is a native of Kernersville and has watched over our students' health and wellness with care for the past two years.

School nurses aren't afraid of anything! What one thing was scariest to you when you were in school?
Spelling tests!

What's the craziest thing you carry in your first aid kit, and have you used it?

Starburst candy for someone who may have low blood sugar. I have not had to use them yet!

If you were a superhero, who or what would you choose to be your side-kick?

I would choose to have a cat as my sidekick because they are my favorite animal.
